Federal Revenue Officer Will Now Be Tried in Charlottesville Court. Other News Notes From Various Points in State.

(Special to the Times-Dispatch.)

HARRISONBURG, April 11.—Harrisonburg hotels last night were filled to their capacity with visitors from points as far distant as Richmond and Lynchburg, to view the tractor demonstration which was to have been held yesterday on the Herring farm, between the towns of Bridgewater and Dayton, but which, owing to a heavy rainfall on Wednesday night, was postponed until Tuesday, April 22, after a conference between County Agent Campfield and the tractor representatives. Four-teen tractors were on the grounds ready to participate in the demonstration, and a crowd of 5,090 people was expected. As it was, a crowd of 1,090 gathered at the appointed place, but were turned away disappointed, as the ground was entirely too wet to work.

The first electrical storm of the sea-

the ground was entirely too wet to work.

The first electrical storm of the season, which visited this county Wednesday night, with an exceedingly heavy rainfall, hail and high winds, left considerable damage in its wake. Streams in several sections were reported to be higher than had ever been known before, while hundreds of feet of fencing were washed away and many gardens so badly washed that they will have to be replanted. The largest loss in this county from the effects of the storm was that suffered by Mrs. George Saufley, of Goods Mill, whose barn, containing a large amount of hay, was blown from its foundations. Practically all the timber was rendered useless except a few rafters, and a large part of the hay ruined by the rain. The damage was estimated at \$1,000, which is covered by only \$300 insurance.

Transfer Shugart Case.

DANVILLE, April 11.—H. V. Shugart, a Federal revenue officer, indicted with his deputy, Thomas J. Bugess, on a charge of transporting liquor, will be tried in the United States Court at Charlottesville April 14. Judge McDowell has ordered a transfer from the jurisidetion of the State court. The two men were arrested at the local railway station with four suit cases filled with liquor. The squad of officers maintained that they had received a "tip" from Baltimore that the men would arrive on the train. Shugart stoutly protested however, that the suit cases contained liquor he had confiscated during its Southward trip.

The main buildings were saved. Two hundred men were thrown out of employment by reason of the fire. Confer With Governor.

DANVILLE. April 11.—B. H. Custer and a party of warm sympathizers are in Richmond to see Governor Davis relative to the vacant judgeship in the Danville Corporation Court. His petition is understood to have been already presented to the Governor with a formidable indorsement. At the same time, the campaign at home is still going on, and petitions are being circulated asking Governor Davis not to appoint Custer, claiming that he is not qualified. That Julian Meade, a well-known Danville attorney, is being groomed as a "dark horse" and that a delegation favoring his appointment will go to Richmond in a day or two, are two reports which are being given eredence.

How Much Can Germany Pay in Compensation?

How much money can Germany pay to compensate the powers which defeated Kaiserism for the deatruction it wrought? That is one of the questions which is giving the peace conference at Paris the most trouble, and economists the world over have failed as yet to find a satisfactory answer. A difficult situation is presented. If Germany is not permitted to resume its pince in the industrial world, then it will have no money with which to pay its bill; if it is permitted to resume active competition in the markets of the world, then the allies will again find it an active foc and reaping much of the fruits which rightfully belong to the conquerors.
